

Giving

Thank You!

Through the generosity of our communities on both sides of the bay, neighbors, friends, and new acquaintances, Dutch Island Lighthouse now shines brightly on Narragansett Bay. Each membership and donation, every gift of every size, has made a difference: the light is proof of that! It now signals the way for mariners entering and leaving our lovely bay. Members of the Dutch Island Lighthouse Society have given time, energy, and their donations to transform a crumbling lighthouse at risk of the perils of the sea into a beacon of strength. We thank each of you for making this a reality.

Why Give Now?

The Dutch Island Lighthouse Society was formed as a grass-roots non-profit organization with the first and foremost mission to save the lighthouse, and we have done that. We now need your help to ensure that the work that saved the lighthouse is protected. Your gifts to the Dutch Island Lighthouse Society are needed to build an endowment fund to protect and preserve the lighthouse for years to come – for our children, grandchildren, and future generations to enjoy as we have. Please make a gift today. If you would like to make a pledge, we can send you reminders according to a monthly schedule that works for you.

Please complete the form below, print, and mail it with your donation in the form of a check or money order payable to **The Dutch Island Lighthouse Society**.
